

After living here for the past 37 years I had finally decided to run for the Board but I did not realize it wasn't the current Board but an illegal one.

After viewing the other candidates there are three who have already been on a previous Board. In my opinion I would feel ashamed and embarrassed to be in the same room with them after they have desecrated the lake and manipulated the money. In my opinion the money has been squandered and misused.

Now I will explain the reason why—After living here one Board member has been on and off the Board over the years. He has taught the other new people who have moved in and who have been on the previous Board how they can use our dues and do what they want. After being here for a couple of years bylaws were passed without the property owners vote. The normal routine for previous Board was spend money on things no one knows about without our vote.

I would not of moved out here if I had know how dishonest the previous Board members were at the time. Now it is getting worse the way money is spent and not taking wildlife into consideration. For this reason if I'm voted into a position on Lucinda and Jerry's ballot I will resign.

I could go on and on regarding what has happened in the past to the Greenbelt in a negative way, like cutting down trees and bushes so someone can see the lake, and also killing cattails, putting rocks in North dam in the lake that make it hard for turtles and ducks to walk over.

It sickens me right now to see how our community has been broken apart.
