

CMD: Dan Loos

Annual Meeting 2021

- Thanks to Jeff Toffer for ordering the fish
- The water test says that we have a very CLEAN lake and no bacteria issues
- Thank you to Steve Hutchison and Charlie Bennett for the new benches on the dams!
- Beach sand was delivered
- Thank you to the Kenworthy's for weeding our beaches
- Thank you to Steve and Gary for watering lawns and watering trees
- Any input on if we could cut a porta potty from the west side, in order to cut costs
- Clean up day was a huge success—limbing trees, cleaning brush! Thank you to all that helped.
- Thank you to the new people who joined the CMD committee this year and to the other committees that we work with

In discussion: Would like to construct some artificial reefs, from pallets or such to create a plant and fish habitat, get the large dock rebuilt, and float
